

Self-Assessment

Take a few minutes to honestly answer the following survey. *You may keep this totally confidential.*

This survey is intended to help you identify areas of your Christian living where you may need strengthening. At this point you should have 1) taken this survey at the beginning of the course, 2) identified areas where you may need strengthening, 3) practiced the activities within the course to build yourself up in all areas and practiced extra activities within the course to build up areas identified as weaker. Now, retake the survey to determine if you feel growth and strengthening have occurred.

Answer to the best of your ability by circling the number you feel best responds to the statement. The numbers range between 1 and 5, with 1 being “I strongly disagree” to 5 being “I strongly agree.” After circling, write the number you circled in the “Score” box.

| 1-Strongly disagree | 2-Disagree | 3-Neutral | 4-Agree | 5-Strongly agree | Score |

Total all the numbers you wrote in the score boxes and write the total here _____. *The higher your score, the more confident you feel in all of the areas of Christian living we are dealing with in this course.*

Compare your score this time with your previous scores. Have you improved in any areas?

Note the areas where you judge yourself weaker than other areas because you scored yourself lower in those areas. Review those areas and continue practicing activities in those areas to grow. Don't stop now! *Always be growing and producing fruit so that you are “Neither Barren, Nor Unfruitful” for Jesus the Christ!*
